OF THE

Government of His Highness the Maharaja of Mysore

OCTOBER 1908

BANGALORE:
PRINTED AT THE GOVERNMENT PRESS
1908.

Proceedings of the Government of His Highness the Maharaja of Mysore, General dated Camp, Mysore, 2nd October 1908.

READ—

Application dated the 1st September 1908, from Mr. B. C. Srinivasaiengar, Editor and Managing Proprietor of the "Jagadguru," Mysore, for permission under Section 2 of the Mysore Newspapers Regulation, to edit, print and publish the "Jagadguru."

No. G. 1—G. M. 87-08-88, DATED CAMP, MYSORE, THE 2ND OCTOBER 1908.

ORDER THEREON.—The "Jagadguru" is a Kanarese fortnightly Magazine issued from Mysore. The Editor and Managing Proprietor of the Journal, Mr. B. C. Srinivasaiengar, was the Editor of the "Desabhimani" newspaper, the publication of which was suspended in the year 1894 under the orders of His Highness the late Maharaja, as it contained "matter which was disrespectful to the Sovereign, seditious and otherwise objectionable," and as it "had shown itself to be a source of bad education to the people." The Government of His Highness the Maharaja were prepared to overlook the past conduct of Mr. B. C. Srinivasaiengar, and would not now refuse him permission to publish another periodical if the publication were in itself free from offence. But a perusal of the numbers of the "Jagadguru" which have appeared during the past eleven months places it beyond doubt that this Magazine contains matter which is frequently indecent to the verge of obscenity and no less objectionable in character than that which caused the suspension of the "Desabhimani" newspaper in 1894.

In these circumstances, the Government are constrained to hold that the continued publication of the "Jagadguru" is contrary to the public interests, and they regret their inability to grant Mr. B. C. Srinivasaiengar the permission he has applied for.

READ—

Memorandum, dated the 22nd July 1907 of the Retrenchment Committee on the possibilities of reduction in the cost of the Geological Department.

No. G. 2503-4—G. M. 159-08-2, DATED BANGALORE, 27TH OCTOBER 1908.

ORDER THEREON.—The recommendations of the Committee relate to the following matters:—

(1) (a) The separation of the Geological Secretariat from the office of the State Geologist and its amalgamation with the General and Revenue Secretariat.

(b) Reductions in the office establishment of the State Geologist consequent on such amalgamation.

(2) The abolition of the post of the Second State Geologist.

(3) The revision of the grades and rates of pay of officers at head-quarters.

(4) The revision of the Mining Inspection Staff, and

(5) The revision of the menial and other establishments.

2. The Government have carefully considered the proposals about the abolition of the Geological Secretariat and are of opinion that, having regard to the technical nature of most of the matters dealt with in the Geological Secretariat, the abolition of that Secretariat as a separate office and its amalgamation with the General and Revenue Secretariat will not result in any material reduction of office work for the State Geologist or tend to the public convenience generally. Government are also inclined to think that the measure is not likely to result in any appreciable saving in expenditure. For these reasons the existing arrangements will be left unaltered.

3. As regards the suggested abolition of the post of the Second State Geologist, Government observe that the question does not call for immediate decision and that it may be further considered when the appointment falls permanently vacant.

4. The Government accept with certain modifications the recommendations of the Committee in regard to the revision of the grades of Apprentice and Assistant Geologists.

While the rates of pay in the different grades will remain the same as at present, Apprentice Geologists will be selected in future on the results of a competitive examination. A time limit of not less than three years' approved service will be prescribed for the promotion of Assistant Geologists from grade to grade, and the increments in the first grade will, as in the case of Assistant Commissioners, be triennial instead of annual as at present. In other respects the present rules will continue unchanged.

The rules as thus modified will be applied to officers recruited in future and not to officers already serving in the grades of Apprentice and Assistant Geologists.

5. Having regard to the conditions obtaining in the Kolar Gold Fields, Government do not consider that it is desirable to make any change in the organization of the Mining Inspection Staff at present.

6. Turning next to the menial and other establishments of the Geological Department, Government accept the recommendations of the Committee and the State Geologist that the posts of Hospital Assistant (Rs. 25+10), Driver (Rs. 20), Carpenter (Rs. 20) and Miner (Rs. 40) may be abolished. The first two appointments are now vacant and the services of the officials holding the other two posts will be dispensed with after such notice and on such compensation pension or gratuity as may be allowable under the Mysore Service Regulations.

2. Para 2 of Government Proceedings No. G. 6027-99—G. M. 12-06-50, dated the 2nd April 1907, stating among other things, that "no such officer (Assistant Commissioner, Schedule B) will be eligible for promotion to the special grade of Senior Assistant Commissioner, unless he shall have fully qualified himself by passing all the prescribed tests."

No. G. 2507-08—G. M. 22-08-21, DATED BANGALORE, 28TH OCTOBER 1908.

ORDER THEREON.—Government are pleased to direct in modification of the last sentence of para 2 of their order of the 2nd April 1907, that all the officers who have been permanently included in the grade of Assistant Commissioners, Schedule B, under Government Order No. G. 6027-99—G. M. 12-06-50, dated the 2nd April 1907, as specified in paras 4 and 6 thereof be exempted from passing the Registration Examination prescribed in December 1906.

Government Proceedings No. 1572-5—L. F. 79-92, dated 28th July 1892, sanctioning as an experimental measure the establishment of an institution (Indigenous Hospital) at Mysore for the treatment of patients according to the Ayurvedic and Unani methods at a cost not exceeding Rs. 1,404 per annum, one-third of the charge being met from Municipal Funds and the remaining two-thirds from District Funds.

2. Government Proceedings No. 14438-9—L. F. 79-92, dated 31st March 1903, fixing the scale of expenditure on account of the above institution at Rs. 2,940 per annum, the charge being directed to be met from the Municipal and District Funds in the proportions mentioned in the above.

3. Subject No. 217 of the Representative Assembly Proceedings of 1905, requesting that native physicians trained in recognised institutions, such as the Native Vaidyasala at Mysore, might be appointed at places where dispensaries are not near at hand.

4. Subject No. 244 of the Representative Assembly Proceedings of 1906, also to the above effect, and representing further that the candidates for the Vidwat Examination in Vaidya in His Highness the Maharaja's Sanskrit College, Mysore, might be made to undergo training in the practical dispensing of medicine in the Indigenous Hospital at Mysore.

5. Government Proceedings No. 10590-602—Med. 297-06, dated 13th May 1907, directing the Inspector-General of Education, the Senior Surgeon, the Muzrai Secretary and the Secretary to His Highness the Maharaja's Sanskrit College Committee, Mysore, to investigate in consultation with one another the feasibility of developing the Indigenous Hospital at Mysore and the Ayurvedic classes attached to the Maharaja's Sanskrit College at Mysore into a regular Central College of Hindu Medicine with classes of Anatomy and Surgery, etc.

6. Letter No. 30, dated 7th May 1907, from the President of the Managing Committee of His Highness the Maharaja's Sanskrit College, Mysore, stating that the College Committee are of opinion that the existing arrangements in the College for the Vaidya course may be supplemented by affording the students opportunities for acquiring greater skill in diagnosing diseases and dispensing medicines by attendance at the Indigenous Hospital and by getting Medical Officers to deliver periodical lectures to them on the elements of Anatomy and Physiology.

7. Letter No. 8567—723, dated 16th May 1907, from the Inspector-General of Education in Mysore, recommending that the Native Pandits before they are authorised to practice, should pass a Medical Examination before a Board of qualified physicians.

8. Letter No. G. 57, dated 17th July 1907, from the Senior Surgeon, expressing his general concurrence in the views of the Inspector-General of Education.

9. Extract from the Muzrai Secretary's Note, dated 29th June 1908:—"With a view to obtain information of this subject, I paid a visit to Madras in February last. I halted for three days there and visited several times the Kannika Parameswari Ayurvedic Dispensary and the Ayurvedic classes conducted under the supervision of Bishangmani Pandit D. Gopalacharlu in George Town. These institutions were established in 1898, and are being conducted out of the funds of the Kannika Parameswari Temple Trust established by the Vaisya community of Madras under the orders of the High Court. A sum of Rs. 5,000 per annum is allotted for the up-keep of the above-mentioned institution. The dispensary is largely resorted to by the Hindu population, the number obtaining medical relief under the Ayurvedic system during the year 1907 being 69,359. The institution is very excellently conducted and managed and gives entire satisfaction to the general public as appears from the various testimonials from highly educated and enlightened gentlemen such as Sir Subramhanya Aiyar, K.C.I.E., Dewan Bahadur, Rajaratnam Mudaliar, C.I.E., Hon'ble V. Krishnasami Aiyar, B.A., B.L., Dewan Bahadur K. Krishnasami Rao, C.I.E., Sir P. N. Krishnamurti, K.C.I.E., and V. P. Madhava Rao, Esq., C.I.E., and others. Lt.-Col. W. G. King, C.I.E., I.M.S., formerly Sanitary Commissioner to the Government of Madras, while remarking that the whole arrangements at the above named dispensary reflect much credit upon Pandit Gopalacharlu and the committee concerned, states that he considers that "Science can gather fruit from the tree of experience in whatever soil it grows. There must be drugs that were known and used with advantage by ancient Hindus, which brought to light with the aid of the modern method of Pharmacology, may prove of great utility. Hence I am glad to see that the institution is conducted in no conservative spirit but that the teaching of Physiology and Anatomy is recognised as a necessary adjunct of the Ayurvedic Students' course.

There is also an Ayurvedic school in connection with the dispensary where the important Sanskrit works on Ayurveda are taught and a regular course of instruction is given in the

elements of Hygiene, Physiology, Anatomy, Midwifery and Materia Medica according to the English method Efforts are also being made for training the students in Surgery also The Sanskrit Texts are taught by Pandit Gopalachariu and his assistants and instruction according to western methods is given by a Hindu Medical graduate who has passed out from England The course of study extends over four years and the students undergo also a course of practical training in the preparation and administering of Ayurvedic medicines Six students have passed out successfully at an examination conducted by eminent Ayurvedic Physicians from different parts of India, and have since employed themselves in following the medical profession in various mofussil towns. There are twenty-four students at present in the school, of whom seven are Brahmins and seventeen non-brahmins. Of these nine have come from Travancore, four from Lahore and the rest from the different parts of the Madras Presidency.

All the students, Brahmins and non-brahmins, know Sanskrit which is essential for the proper study of Ayurvedic works and five of them know English also It is a remarkable fact that students coming from various parts of India and whose vernaculars are different, are taught by means of one common language, *viz*, Sanskrit Eight students are given scholarships of Rs. 10 each from the Kannika Parameswari Trust Fund and six are given scholarships of a similar amount by Pandit Gopalacharlu.

I visited also the Ayurvedic Venkatramana Dispensary and Medical School in Mylapur, recently established by the bounty of Mr V. Krishnasami Aiyar, B A., B.L., High Court Vakil. This institution is carried on on the same lines as the Kannika Parameswari Dispensary and Ayurvedic College but on a smaller scale.

There is a large Ayurvedic College in Bombay where also instruction is given in Ayurvedic and Western systems of medicine from funds contributed by gentlemen of light and leading.

Copies of reports are put up which give full information about the aims and objects of the three institutions referred to above

Similar schools exist at Jeypore, Baroda and Benares, the first two of which are maintained from State Funds and the last from the funds of the Central Hindu College. I am informed that similar schools exist also in Lahore and in the Travancore State Some eminent Ayurvedic Physicians in Northern India give medical relief to those who come to them and also impart instructions in Ayurveda at their homes to a few students. There are also instances of Hindus who have taken Diplomas in medicine in England and who have subsequently taken up the study of the Ayurvedic system with the view of making their knowledge suitable to the wants of the Indian population."

No. 1-42, DATED CAMP, MYSORE, 6TH OCTOBER 1908.

ORDER THEREON.—The question of imparting instruction in Ayurvedic medicine and employing native physicians has been the subject of representation in successive meetings of the Representative Assembly. In the Assembly of 1906, one of the representatives said that instruction in Hindu medicine was being imparted in His Highness the Maharaja's Sanskrit College, Mysore, and that Vaidya Sastra formed one of the branches of the Mysore Vidwat Examinations; but as the instruction given in the Sanskrit College was only theoretical, he suggested that students who completed their studies in Vaidya Sastra in the College might be required to undergo practical training in the Indigenous Hospital, Mysore, before being declared to have passed the Vidwat Examination.

2. Government noted this suggestion as a good one and in their Proceedings No. 10590-602—Med. 297-09-1, dated the 13th May 1907, called upon the Inspector-General of Education, the Senior Surgeon, the Muzrai Secretary and the Secretary to His Highness the Maharaja's Sanskrit College Committee, Mysore, to investigate in consultation with one another the feasibility of developing the Indigenous Hospital and the Ayurvedic classes attached to His Highness the Maharaja's Sanskrit College, Mysore, into a regular Central College of Hindu Medicine with classes for Anatomy, Surgery, etc.

3. The Inspector-General of Education and the Senior Surgeon are opposed to the establishment of Vaidyasalas under native Vaidyas on the ground that it would be a retrograde step, that it would encourage charlatanism and quackery and that even as an experiment it is attended with danger.

Muzrai, dated 6th October 1908.

4. The President of the Managing Committee of His Highness the Maharaja's Sanskrit College, Mysore, states that the Committee are of opinion that the existing arrangements in the College for the Vaidya course may be supplemented by affording the students opportunities for acquiring greater skill in diagnosing diseases and dispensing medicines by attendance at the Indigenous Hospital and by getting Medical Officers to deliver periodical lectures to them on the elements of Anatomy and Physiology.

5. The late Muzrai Secretary, Mr. L. Anantasami Rao, after personally investigating the work done in the Kannika Parameswari Ayurvedic Dispensary and the Ayurvedi classes attached thereto and also the Sri Venkataramana Dispensary at Madras, has submitted an exhaustive memo in which he has gone fully into the question. He has also drawn up a simple and workable scheme for developing the Indigenous Hospital at Mysore and the Ayurvedic classes attached to the Maharaja's Sanskrit College into an Ayurvedic College.

6. The Government observe that, though the Ayurvedic system of medicine has fallen into much neglect of late, the bulk of the people are still greatly attached to it and prefer to be treated by native physicians in cases of serious ailments. Moreover, notwithstanding the establishment of hospitals and dispensaries at great cost by the State, there are many villages where the aid of medical men trained in the European system of medicine cannot be had, or not without much difficulty and expense and where therefore the people look to the village Pandit for medical relief. The fact that Hindu medicine is sometimes practised by quacks and charlatans is, in the view taken by Government, all the greater reason why it should be rescued from their hands and proper provision made for combining Ayurvedic teaching with a sound knowledge of Physiology, Anatomy and Surgery under European methods. A strong desire to revive the ancient methods of Hindu medicine is spreading through the country, and any steps on the part of a Hindu State like Mysore calculated to revive and encourage the study of a once celebrated branch of ancient Hindu learning, while providing also for the students thereof being trained as far as possible in the principles and methods of modern medicine, are sure to be welcomed by the people of the State.

7. In these circumstances, the Government of His Highness the Maharaja are pleased to sanction the establishment of an Ayurvedic College at Mysore, the existing Vaidya class in the Sanskrit College being abolished. The Ayurvedic College will be maintained as a separate institution with special arrangements as to the management and hours of study (theoretical and practical) and with special provision for encouragement to the students by way of scholarships. It will be thrown open to persons of all classes, but a knowledge of English will be a necessary qualification for the admission of candidates into the College.

8. The course of study will be somewhat as prescribed for the Mysore Vidwat Examination, but will comprise also instruction in Physiology, Anatomy, Hygiene, Midwifery and Materia Medica, and will extend over a period of four years. The details of the course, and the books to be studied, will form the subject of a separate order.

9. Scholarships will be awarded to the students studying in the College at the rate of Rs. 8 for the first year, Rs. 10 for the second year, and Rs. 12 for the remaning two years. The College will commence work from the 1st January 1909 with ten scholarship-holders and any others who may study without scholarships. In the second and subsequent years the number of scholarships to be awarded will be limited to five. A notification inviting candidates should be issued every year in sufficient time prior to the commencement of the course of studies.

10. Instruction in Sanskrit works on medicine will be imparted by a Head Pandit and an Assistant Pandit, and the practical training will be given at the Indigenous Hospital which will be attached to the College. The present Headmaster of the Indigenous Hospital, Mr. Kempa Rama Pandit, will do the duties of Head Pandit with an allowance of Rs. 40 per mensem in addition to his present pay. He will further be given an Assistant Pandit on Rs. 25 per mensem to aid him in his work, and also an establishment consisting of a compounder on Rs. 15, a writer on Rs. 20, and 2 peons, one on Rs. 8 and the other on Rs. 7 per mensem.

A further provision of Rs. 30 per mensem or Rs. 360 per annum will be made to meet the cost of medicines to be prepared in the College. The Senior Surgeon is requested to depute one of the Assistant Surgeons located in the Mysore City to give instructions to students in Physiology, Anatomy and other subjects of Western Medical Science, with an allowance of Rs. 25 per mensem.

11. In order that the working of the institution may be properly watched and guided, there will be appointed a small Committee consisting of the Councillor in charge of the Muzrai Department as President, the Muzrai Superintendent as Secretary and four members, one of whom will ordinarily be the Civil Surgeon of the district and the others appointed for a term of two years by Government. The Secretary will carry on correspondence on behalf of the Committee, give effect to its resolutions as regards the appointment of the subordinate establishment (other than the Head Pandit and Assistant Pandit whose appointments will be subject to Government sanction), and submit to Government annual reports on the progress of the institution, the measures required for its improvement, and so on.

12. In addition to the permanent and recurring cost of Rs. 3,000 per annum involved in awarding scholarships and maintaining the establishment as detailed in paras 9 and 10 *supra*, a sum of Rs. 1,000 is sanctioned for the following purposes:—

1.	Library	....	200
2.	Museum of drugs	....	250
3.	Charts and models	....	150
4.	Furniture	....	250
5.	Miscellaneous and contingencies	....	150
		Total	1,000

This amount, and also the sum of Rs. 1,250 required on account of recurring expenditure during the rest of the current official year, will be met from the provision already made in this behalf in the final State Budget of the year. The Comptroller to Government is requested to authorize payments within the sanctioned scale to the Head Pandit from the Mysore District Treasury on bills submitted by him and duly countersigned by the Secretary of the Committee.

13. The College will be accommodated for the present on the upper storey of the Indigenous Hospital in the rooms now occupied by the Police Sergeant's Office and the Police Reading Rooms. These latter should find accommodation elsewhere.

Letter No. 14, dated 30th September 1908, from the President of His Highness the Maharaja's Sanskrit College Committee, Mysore, submitting a copy of the Proceedings of the Committee recorded at a meeting held on the 29th September 1908.

No. D.-J.—MUZ. F. 25 of 1892, DATED, CAMP MYSORE, 7TH OCTOBER 1908.

ORDER THEREON.—From the resolutions of the Committee received with the above relating to the results of the Vidwat Examinations held in the months of August and September 1908, it is observed that in all, 23 candidates applied for the Vidwat Examinations in its various branches, of whom 2 withdrew their applications before the examinations commenced, 6 absented themselves, 15 appeared, 3 failed, and 12 passed.

2. Two candidates from Northern India appeared for examination—one in Jyotisha and the other in Vyakarana. The Jyotisha candidate was examined along with the other candidates except in two papers in which he was examined separately as he had not studied the same text books as the local candidates. The Vyakarana candidate was examined along with the other candidates in part II and alone specially in part I for which there was no other candidate. He obtained the required number of marks in part I, but a few marks less than the minimum in part II. On the whole, however, he obtained more than the minimum. Under the Rules he would be declared to have passed in part I for which a prize of Rs. 40 is awardable; but as he is 60 years old and is not likely to appear again in part II and he has studied much more than the portion prescribed for the examination, a special prize without a diploma is recommended to be awarded to him.

3. One candidate from the Salem District appeared for the Smartha Prayoga in Sukla Yejurveda. He was duly examined and passed in the second class.

4. The rewards recommended by the Committee to the successful candidates amounting to Rs. 1,190 including the cost of a pair of shawls as per statements annexed are within the allotment prescribed and are accordingly sanctioned.

5. The award of the special prize of Rs. 100 offered by "Mr. KARPUR SRINIVASA RAO," and accepted by Government in Proceedings No. 1228-31, dated 18th September 1908, to Nerur Krishnachar who heads the list of the successful candidates in Vyakarna is, as recommended by the Committee, approved, there being no candidate for Nyaya or Sankhya this year.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 27th October 1908.

READ—

Para 11 of Government Proceedings No. G. 5218-57, dated 14th April 1904, passing orders regarding the management and supervision of the Muzrai Institutions under the management of the Palace Controller.

Government Proceedings No. G. 1600-39—G. M. 1-08-2, dated 7th September 1908, directing the amalgamation of the Muzrai Department with the General and Revenue Secretariat, and sanctioning the appointment of a Muzrai Superintendent and *ex-officio* Under-Secretary to Government for the administrative as well as executive charge of that Department.

No. 92-96— MUZ. 54-08-1, DATED BANGALORE, 27TH OCTOBER 1908.

ORDER THEREON.—The system of divided control that has prevailed up to the present time in the management of Muzrai institutions under Palace management, has not worked satisfactorily and the Government of H. H. the Maharaja consider that the time has come to terminate it. They are therefore pleased to direct that the procedure indicated below should be followed in future.

2. The management and supervision of the institutions named below will be removed from the purview of the Muzrai Department of Government and placed entirely under the control of the Palace Department.

Petition Registered No. 3322, dated 8th January 1907, from Gurusiddeswaraswami of the Sirigere New Matt, appealing against the order of the Deputy Commissioner of the Chitaldrug District, dated 21st February 1906, declining to grant a license to the Swami to go in procession with certain insignia until he established his right to them in a Civil Court.

Petition Registered No. 4257, dated 16th March 1907, from Sivalingappa, Agent of the Sirigere Old Matt, opposing the above application of the New Matt.

Petition Registered No. 5142, dated 13th May 1907, from the disciples of the Murugi and the Balehalli Matts, and petition dated 17th July 1907, from the disciples of the Ujjini Matt, praying that neither the Old nor the New Sirigere Matt should be permitted to use any insignia in the absence of a Royal Sannad.

Correspondence ending with D. O. letter dated 15th February 1908, from the Deputy Commissioner, Chitaldrug, on the subject.

No. 101-10—MUZ. 68-08-2, DATED BANGALORE, 29TH OCTOBER 1908.

ORDER THEREON.—At Sirigere in the Chitaldrug Taluk, there are two Sadhu Lingayet Matts, *viz.*, the Tharalabalu Dodda Matt, otherwise known as the Sirigere Old Matt, which appears to have come into existence about 60 or 70 years ago, and the Sirigere New Matt which was established about the year 1886.

2. Under a decree of a Judicial Assistant Commissioner, Chitaldrug District, passed in 1873 and confirmed in appeal by the Commissioner of the Nagar Division and the Judicial Commissioner of Mysore, the Old Matt has been in the enjoyment of the marginally noted eight insignia.

1. Palaki
2. Mena
3. Kempu Chatri
4. Kahale
5. Chamara
6. Aftagiri
7 Gaggarakattige
8. Yethinamele Nagari

3. About the year 1885-86, some disciples of the Old Matt seceded from it and set up a Matt of their own which has come to be known as the Sirigere New Matt. The Swami of this New Matt was, in the beginning, permitted by the local authorities to go in procession on horse back attended by music. As the adherents of the New Matt increased in numbers, they obtained for their Matt, from time to time, permission to parade with certain insignia which the local authorities considered as unobjectionable, and the records show that by the end of 1888 the New Matt had acquired in spite of the opposition of the Old Matt, the use of the marginally noted four insignia. In 1905 the Guru of the New Matt applied to the Deputy Commissioner for a license to go in procession with all the eight insignia that were being enjoyed by the Old Matt, on the ground that they were all ordinary ones that could be used by any person. The Deputy Commissioner, Mr. H. Ramanujaiengar, in his first order dated 29th September 1905, permitted the Swami of the New Matt to go in procession with only the four insignia which he had been already allowed to use but subsequently, on the representation of the Old Matt, held a fresh enquiry and cancelled his previous order and directed the Swami of the New Matt to establish his right to the insignia in a Civil Court. Against this order, the Swami of the New Matt has appealed to Government. He prays that the second order of the Deputy Commissioner may be set aside and that he may be allowed to use all the eight insignia claimed by him, on the ground that they are as admitted by the Old Matt itself in 1873, ordinary ones that could be used even by private persons on festive occasions.

Mena
Kempu Chatri
Kahale
Bajabajantri

4. The Sirigere Old Matt opposes the above prayer on the ground that the insignia in question are exclusive to itself, that it is the sole religious head of the Sadhu Lingayet community, that the New Matt is of very recent origin being a seceder from the Old Matt and that it has no mamul to support its claim.

5. The Murugi, Balehalli and Ujjini Matts contend, on the other hand, that neither of the Sadhu Lingayet Matts belong to any of the recognised religious institutions of the Lingayet community, that they both are of recent origin, that they do not possess any Royal grant or Sannad and are therefore not entitled to parade with insignia.

Muzrai, dated 29th October 1908.

6. The case was heard before Government, all the parties being duly represented by their Advocates.

7. First as regards the claim of the Sirigere New Matt :—It is observed that this Matt had enjoyed the use of the four insignia, *viz.*, Mena, Kempu Chatri, Kahale and Bajabajantri since 1888 and that such enjoyment was considered by the local authorities as unobjectionable. There is nothing to show that the Old Matt is the sole religious head of the Sadhu Lingayet community. From the statements furnished by the Deputy Commissioners of Kadur, Shimoga and Chitaldrug, it is further observed that the New Matt is also administering to the religious wants of a section of the community. Under these circumstances, Government are of opinion that the second order of the Deputy Commissioner, dated 21st February 1906, referring the new matt to a Civil Court, was not proper. That order will therefore be set aside and the present enjoyment of the four insignia by the Swami of the New Matt will be left undisturbed.

8. As regards the objections raised by the Murugi, Balehalli and Ujjini Matts :—Although His Highness the late Maharaja Sri Krishnaraja Wadiyar Bahadur III discountenanced the establishment of schismatic Matts by the Sadars and Nonabars and the executive authorities during the commission days also refused to grant any insignia to the Sirigere Old Matt yet that Matt appears to have unauthorizedly used certain insignia and later on got its right to use them decreed by a Civil Court in 1873, such decree being also confirmed by the highest Court, *viz.*, that of the Judicial Commissioner in 1874. Since then the Matt has been enjoying the eight insignia mentioned in para 2 above, without any challenge. Although, therefore, the Matt does not possess any Royal grant or Sannad, yet Government do not see sufficient reason to deprive it now of any of these eight insignia which it has been enjoying for a long time. They therefore direct that it may be permitted to use them undisturbed.

9. In this connection Government deem it necessary to make a few observations regarding the practice on the part of the District Officers of referring questions relating to the insignia to be used by heads of Matts and religious institutions for decision by Civil Courts. Government think that the Civil Courts are not the proper authorities for dealing with questions of this kind. It is the decisions of the Civil Courts that have been a fruitful source of disputes between contending factions in regard to the use of these insignia. The practice seems to have crept in during the days of the British Commission, as there is ample evidence on record to show that these matters previously used to go up for decision before His Highness the Maharaja or the executive authorities only. Government are therefore pleased to lay down that on questions relating to the use of insignia, parties be not referred to Civil Courts, but that all such questions be submitted to Government for orders and that the orders passed by Government be strictly enforced.

READ THE FOLLOWING PAPERS—

(i) Note No. 55, dated the 15th April 1908, by the Secretary to the Government of Mysore for Railways.

"I beg to submit for sanction of Government, Budget Estimates for the year 1908-09 with the following brief remarks.

Receipts.

These are estimated at Rs. 27,49,000, from information obtained from the Madras and Southern Mahratta Railway Company, subject to revision by the Comptroller. For the year 1907-08, the receipts were estimated by that officer at Rs. 26,25,000 against the Company's estimate of Rs. 25,32,000.

Expenditure.

This, as revised in accordance with the personal instructions of the Dewan, is estimated at Rs. 30,69,956 against the Budget grant of Rs. 29,02,000 for the year 1907-08. Their distribution among the several heads is given below:—

I.—OPEN LINES.

Construction works Rs. 4,72,000.—(i) Mysore-Harihar line Rs. 4,33,856. This is made up of (1) sanctioned or incomplete works of previous years Rs. 2,40,692, (2) New works Rs. 1,83,164, (3) Reserve grant Rs. 10,000. In the year 1907-08, the grants were Rs. 1,82,000, 56,300 and Rs. 16,000, respectively.

The works noted in the margin although provided for by the working agency, have been struck off owing to financial pressure or otherwise.

	Rs.
A new bridge over the Shimsa river ...	1,50,000
Two additional locomotives	1,02,736
Reserve grant	12,568
Total ...	2,65,304

As regards the replacement of 5 old "N" class Engines by "M" type, a reference is invited to copy of note No. 53, dated the 15th April 1908, to the Dewan on the subject. Against the number asked for by the company one has been struck off, and provision for 4 allowed.

Proportionate share of general stores balance debitable to the Mysore State Railway.—At the end of December 1907 this stood at Rs. 5,19,872-7-0 and the Agent in para 3 of his letter No. 7128—P. 2711 of 11th March 1908, in forwarding the Budget Estimates, states that as the terms of the new contract with the Secretary of State are not yet definitely known, it is not possible to estimate this item; and hence it is not proposed to alter this figure at present. Since the deposits already made by the Durbar more than cover the Durbar's share of stores balance they are not required to pay anything on this account during 1908-09.

II Mysore Nanjangud extension Rs. 4,000.—A sum of Rs. 4,000 has been provided for improvements to Nanjangud Town Station. This work was proposed to be undertaken during 1907-08, and was budgetted for, but the company postponed it to 1908-09.

III Birur Shimoga line Rs. 29,300.—This is made up of (1) sanctioned or incomplete works Rs. 4,000 (2) New works Rs. 20,300 and (3) unforeseen requirements Rs. 5,000. For the year 1907-08, the grant was Rs. 48,400 for new works.

Nothing requires to be said in regard to sanctioned or incomplete works.

The timber siding for the Forest Department, provided under new works, is a work which the Conservator of Forests has been recommending very strongly in the interests of his Department; and quarters for Native drivers, and Loco: menials at Shimoga and additional watering arrangements, and providing a steam pump are, I consider necessary.

Unforeseen requirements.—The Company's estimate of Rs. 17,800 is considered too high, and the provision is reduced to Rs. 5,000 which is considered quite sufficient.

IV Kolar Gold Fields line Rs. 4,800.—This is made up of Rs. 2,800 for sanctioned or incomplete works, (2) Rs. 2,000 for unforeseen works. During the year 1907-08, the grants were Rs. 2,127 for sanctioned or incomplete works, (2) Rs. 2,800 for new works, and Rs. 1,073 for unforeseen works or Rs. 6,000 in all.

The laying in of additional pots to raise the standard of permanent way to 12 pots per 30 feet rail, a new work costing Rs. 33,000 proposed by the company has been struck off, as it will probably be unnecessary to ever run fast express trains on this railway or to raise the standard of permanent way to that adopted on the main lines of Railway.

II Saloon Carriages.—A sum of Rs. 3,000 is provided to meet the usual charges of maintenance and minor repairs to the State Saloons.

Proceedings of the Government of His Highness the Maharaja of Mysore,

III *Direction and Accounts.*—The charges under this head aggregating Rs. 8,000 call for no remarks as the usual establishment only has been budgetted for.

IV *Reserve Grant.*—A sum of Rs 5,000 has been provided under this head to meet unforeseen contingencies.

V *Interest.*—This item calls for no remarks.

VI *Expenditure*—The working expenses to be paid to the Madras and Southern Mahratta Railway Company have been estimated at Rs. 18,62,000 on the data furnished by the Agent against the sum of Rs. 18,52,000 provided in the budget for 1907-08

2. A copy of this note together with copies of the budget estimates will be forwarded to the Comptroller.

(2) Government Order No Fl. 366-406—G. F 116-07-3, dated the 23rd July 1908, sanctioning the State budget estimates for the year 1908-09.

No. 869—Ry. F. 29-08-9, dated Bangalore, 17th October 1908.

Order thereon.—The Receipts from open lines of railway are estimated at Rs. 8,87,000 and expenditure exclusive of working expenses to be paid to the Madras and Southern Mahratta Railway Company, Limited, at Rs. 11,91,956. Government have reduced the latter to Rs. 10,20,000.

2. The Railway Budget Estimates for 1908-09 as now revised and sanctioned provide for an income of Rs. 8,87,000 as against Rs. 8,89,000 for the previous year and an expenditure of Rs. 10,20,000 against Rs. 11,64,291 for the year 1907-08.

3. A copy of the Budget Estimates is attached. The list of works which are proposed to be undertaken during the year and the allotments to be made for them is now under revision by the Agent, the Madras and Southern Mahratta Railway Company, Limited, and on receipt of same a copy will be supplied to the Comptroller.

Proceedings of the Government of His Highness the Maharaja of Mysore, Geological, dated 23rd October 1908.

Read again—

Para (4) of Government Proceedings No. 2676-7, dated 13th April 1907, directing that the Government quarters provided for the Inspector of Mines on the Kolar Gold Fields should be provided with a certain amount of furniture and treated as an Inspection Lodge for the occupation of Inspecting Officers visiting the Field, rent being levied for such occupation at the rates sanctioned by Government in the Public Works Department.

Read also—

Memo No. 41, dated 18th September 1908, from the State Geologist and Secretary to Government, Geological Department, submitting revised proposals with reference to the above orders.

No. 1228-9, dated Bangalore, 23rd October 1908.

Order thereon.—In the memo read above, the State Geologist in Mysore submits certain revised proposals for providing accommodation for the Inspectors of Mines stationed on the Kolar Gold Fields. He submits that circumstances have so changed since the submission of his original proposal on which the Government order read above was passed that it is not practicable to give effect to the orders in question. It is now represented that at the time the original proposals were submitted there was only a Deputy Inspector of Mines stationed on the Kolar Gold Fields with a house rent allowance, that the Inspector of Mines had his Head-quarters at Bangalore and it was sufficient if the Inspector of Mines' quarters were classed as an Inspection Lodge. But recently the Head-quarters of the Inspector of Mines has been shifted to Ooregum and in consequence it has become necessary to provide quarters for the Inspector and the Deputy Inspector of Mines.

2. It is represented that separate accommodation for these officers is urgently required and Dr. Smeeth proposes that the Inspector of Mines may be permitted to occupy the buildings provided for him by Government on payment of rent at the rates prescribed by Government for occupation of Government buildings and that the Deputy Inspector of Mines be allowed to use the office buildings as his residence, a portion thereof being set apart for the office for the time being until separate accommodation is provided for the Inspector of Mines' office.

3. The Government agree to the proposals now submitted by Dr. Smeeth and are pleased to direct that the residential quarters and the office of the Inspector of Mines on the Kolar Gold Fields be treated as quarters for the Inspector of Mines and the Deputy Inspector of Mines, respectively, rent being levied from these officers at the prescribed rates.

4. Under this arrangement it is unnecessary to provide any furniture for the buildings as directed in para 4 of Government Proceedings No. 2676-7, of 13th April 1907.

5. In order to make the office buildings suitable for the Deputy Inspector of Mines' quarters it is represented that a kitchen should be added to it. The construction of a kitchen is accordingly sanctioned and the Chief Engineer is requested to order the work being taken in hand at once. The State Geologist will find the funds required for the work by reappropriation in his budget and transfer it to the Public Works Department.

W. F. SMEETH,
Secy. to Govt., Geol. Dept.

To—The Chief Engineer in Mysore, with the request that the building of the kitchen may be put in hand at once and carried out on similar lines to that provided for Mr. Bocquet's bungalow.

The Comptroller, Mysore Government.
